Im not
here to bring my twisted soul into your life
every moment
stone eyed view from a requiem
laughter echoes
within these walls im forced to live
shattered memories
crippled thoughts
about my past [x2]
so sure this was the end
no light has
been seen
to face a faith which was
forced upon me as a child
although i looked at the cross
as something vile and wrong
cherish the hate build inside
walk amongst those who shall burn
burn from their sins
a feeling that drives you to
awake and embrace the plague
as it spreads through me it teaches me
to feed on hate
i feed
so sure this was the end

no light has been seen
to face a faith which
all who opposed
to the beliefs that one
could create all
laughter echoes
withing walls im forced to live
shattered memories
crippled thought
about my past
forced upon me as a child
cherish the hate built inside
walk amongst those who shall burn
burn from their sins
a feeling that drives you to
awaken and embrace the plauge

Embrace the plague
that tears apart at my mind and soul
embrace the plague
which consumes my life
i feed on
i feed on your hate
its only made me stronger
i feed on your hate
its made me who i am
