I won't Lie down today  
wont give in to frustrations  
push myself to insanity  
just for your satisfaction

I wont be used, you cant keep pushing me  
the trust i gave to you can never be replaced  
you failed in your life

your actions have been  
the cause of your demise  
stop blaming others

you chose your way to die

You've let your secret out  
spread eagle for your fix  
along with all the lies  
you spread like a disease  
spewing from the gaping hole  
cancer infected words spoken without remorse  
gives just cause for you to die  
head your lines
