Wasn't that long ago
That I laid my eyes on you
My heart skipped a beat or two
Oh oh oh
Now your just catching on
What your feeling is love
Guess this means that I'm the one
Oh oh oh oh
It's okay if your afraid
That's natural
But first off baby let me say
Don't be shy
Cause I feel what your feeling to
So it's alright
I'll make the first move and
Pretty soon you'll realize
That those were all just butterflies
So don't be shy
Just put your hand in mine
Oh woah
Baby don't be shy
Oh woah
No baby don't be
I know your feeling so
Nervous and uncomfortable
It's okay just let it go
Oh oh oh
Cause there's a voice that's telling you
Get up and try something new
That's the one that you should listen to
Oh oh oh oh
It's okay if your afraid
That's natural
But first off baby let me say
I'm here for you so
Don't be shy
Cause I feel what your feeling to
So it's alright
I'll make the first move
Pretty soon you'll realize
That those were all just butterflies
So don't be shy

Just put your hand in mine
You can't use logic
What's in your soul
Oh oh oh
There are some things that you just can't fight
So let love fly
Don't be shy
Cause I feel what your feeling to
So it's alright
I'll make the first move and
Pretty soon you'll realize
That those were all just butterflies
So don't be shy
Just put your hand in mine
Don't be shy
Baby don't be shy
Don't be shy
Baby don't be shy
