Doo, doo, doo, doo, doo
Oh, oh
Doo, doo, doo, doo, doo
Oh, oh
This girl, her eyes,
It just don't get any better
Her smile, it shines
I bet she could change the weather
Doo, doo, doo, doo, doo
Oh, oh
My friends (my friends)
They've tried (they've tried)
No one can seem to get her
My tongue (my tounge)
Gets tied (gets tied)
I can't just say whatever
When she's near me,
My heart beats double time
'Cause she's untouchable,
There's a force field around her
She's untouchable
And she's rocking out my world
(Oh, oh, oh)
I gotta have her now,
I gotta find a way,
'Cause she's untouchable
Doo, doo, doo, doo, doo
Oh, oh
Doo, doo, doo, doo, doo
Oh, oh
She's out (she's out)
Of reach (of reach)
That only fuels my obsession
I lose (I lose)
My feet (my feet)
Just trying to find her direction
I can't think straight,
She's my souldmate,
I wish you wasn't just in my mind
Oh
'Cause she's untouchable,
There's a force field around her

She's untouchable
And she's rocking out my world
(Oh, oh, oh)
I gotta have her now,
I gotta find a way
'Cause she's untouchable
I wonder if she knows,
Just how much she glows,
Oh, oh, oh, oohh
She's probably heard it all,
What's the chance she thought
For me...
Doo, doo, doo, doo, doo
'Cause she's untouchable,
There's a force field around her
She's untouchable
And she's rocking out my world
(Oh, oh, oh)
'Cause I can't just sit around,
When she's the one for me,
I gotta have her now,
I gotta find a way
'Cause she's untouchable
Oh, oh
Doo, doo, doo, doo, doo
'Cause she's untouchable
Oh, oh
Doo, doo, doo, doo, doo
I gotta have her now,
I gotta find a way
'Cause she's untouchable
