"Left Hand Charity"

Visit "[Left Hand Charity](#)" on MotoLyrics.com

A classroom circle slowly drifts on...
I knew right then I'd carve your name, so I...
Save your charity it's gone too far now as it seems

I drive by your scenery...
All the while I died that night...
Please come back, tell me it's alright

And save your charity it's gone too far now as it
seems...
Little boys that misbehave

And I want to look you in your eye...
I want to look you in your eye...
Want to look you in your eye
I want to look you in your eye
