Here's your fertility  
Wanting so badly to be crushed  
You leave it up to me  
To do the crushing

Through new sincerity  
Making a mockery of trust  
But if it's up to me  
Bring on the new thing

Pacific 231  
Were not cleaning off the rails  
Steady up to speed

Another dream  
I learned to love  
The taste of bitter fictions  
The ring of contradictions  
But sing to me

And it's apparently  
A faster forward than you want  
But still you keep it up  
Is that delusion

I'm told apparently  
Poor faith and reconditioned thoughts  
Weary at your knees  
Sick from the motion

And now were letting up  
About the charity that costs  
We could do without  
The education

Another dream  
I learned to love  
The taste of bitter fictions  
The ring of contradictions  
But sing to me

But they sing

To me

But they sing

To me

They sing

To me

(You could get everything you want)
