You put it in your water
You put it in your water
And it doesn't matter
Until you fall

And it keeps on running faster
Running fast 'til your gone
But it doesn't matter
Until you fall

Throw yourself away (Throw it away!)

You place it on your counter
You pour it in your mold
Forget all you hand
What's make you strong

And it keeps on running faster
Running fast 'til your gone
But it doesn't matter
Until you fall

Throw yourself away (Throw it away!)

Everyone can see these days are
Everyone can see these days are
Everyone can see these days are
Abrupt
