I wrote this story so many days ago  
And the words kept falling onto pages.  
Without the loss we can't go on  
And with the loss we became strong.  
It's how it is  
As we stare it down.

Oh my god do I think that this is the end of everything  
When everything inside wants me to feel like this is  
normal.

And in the quiet  
The silence screams aloud  
And the panic resides along our inners.  
And with the tragedy we go  
Pushing the hell so far below.  
Desperate hands cover my face.

So stay calm this way in case we're needed for  
emergency.  
And if we are we'll be prepared for action.  
This is how it's supposed to be.  
This is how it's supposed to be  
Somebody better call a doctor.  
Somebody call a doctor

And maybe this could be the end of everything that we  
want (Don't panic!)  
And from a distance it seems that the water will wash  
panic away.  
Oh my lord, believe.  
There's no need for emergency  
But in case there is, distract it.

This is how it's supposed to be.  
This is how it's supposed to be  
Somebody better call a doctor.  
Somebody call a doctor

And maybe this could be the end of everything that we  
want (Don't panic!)

And from a distance it seems that the water will wash  
panic away.

The Water (water)  
Will wash  
Panic (panic)  
Away (Away)

If this is the great descent, I won?t be running for the  
exits  
If this is the great descent, I won?t be running for the  
exits
