The sky stars fell out and into graves  
Breathing while dying  
Companies of ghosts remain  
Alone with the sea

And as they fade away

Late night hope and wish  
Even now you're undressed in my sleep

Slowly the swells of light seep through  
As we breathe in the darkened sky  
And in times in of grace replace my distaste  
Signals flare and layers fade away

White water won't wash away  
Done let it confuse  
The road to soul is lonely at best  
I've arrived at empty

And as they burns away

Late night hope and wish  
Even now you're undressed in my sleep

Slowly the swells of light seep through  
As we breathe in the darkened sky  
And in times in of grace replace my distaste  
Signals flare and layers fade away

You won't destroy me  
Or break my will  
You won't destroy me  
Or break my will  
Or break my will

And in times in of grace replace my distaste  
Signals flare and layers fade away  
Slowly the swells of light seep through  
As we breathe in the darkened sky  
And in times in of grace replace my distaste

Signals flare and layers fade away

Or break my will  
Or break my will  
You won't destroy me  
Or break my will  
Or break my will  
Or break my will
