[Music: Leandro / Marcelo Lyrics: Leandro]

In the time that sword power worth more than any word  
A land moist of blood spilled by warriors  
A child was born and he'll show the salvation way  
The people pray the rosary in church with hope a best  
someday

[BRIDGE]

Fighting monsters, wizards and dragons  
His bravery was one of a kind  
He was blessed by gods  
And he had a brave heart  
The kings only wanted new lands and more riches

While the people worked hard only to live  
Many wars and a lot of destruction, people go to a  
place far away  
Bodies fallen on the ground, prisoners with rusted  
chains

[BRIDGE]

[CHORUS]

Brave warriors fight for freedom  
They kill monsters and dragons  
This child became a brave warrior  
He'll never lose bravery in his heart  
Bravery in his heart

[BRIDGE - CHORUS]
