[Music: Geraldo / Marcelo Lyrics: Leandro]

In this fight to survive, someday I'll stop to suffer or die  
Too early or too late, in my way,  
This will change my life  
I dream of freedom, that can lead us  
Flying higher in our dreams  
Even though I die  
My spirit will remain 'cause  
Forever I'll be here  
OOOOh... the hell is here  
OOOOh... burning in the flames

OOOOh... it's my fate  
OOOOh... forever  
Die is the price, that I'll pay for my life  
Hiding in darkness all the night, maybe forever  
I look at my past, I can't understand  
What life has reserved for me,  
Hate and suffering, injustice and pain  
I'll remain 'cause  
Forever I'll be here

[CHORUS]
