[Music: Leandro / Marcelo Lyrics: Leandro]

The world of illusions keep in secret a lonely soul
Of the last of the dragons
He gave up to fight
'Cause the only way to save his heart
Is flying high through the skies
Waiting for someday he can live alone,... alone
Living in the darkness hiding in his cave

[CHORUS]

Last of the dragons came from his cave and trying
Change his fate

Alone in the paradise
He fights against all who try to take his life
No more illusions living in peace with his soul,
Trying to save his heart
By the forces come from the skies,
Where the heaven is waiting for him
To can fly alone too high
Where he can wait and live his eternity
Waiting for his salvation
His brothers are dead waiting for his day arrive

[CHORUS]
