"Your Eyes"

Your eyes says so much to me
But you don't talk to me that's all I can see
Maybe we are finally together
This will change our lives forever

Your eyes are all that I need
Your lips are the truth for me
Your eyes will keep us together
Your lips says forever

There's something in your eyes that I see
There's something on your smile that I need
I Love you do you love me
I need you do you need me

Your eyes are all that I need
Your lips are the truth for me
Your eyes will keep us together
Your lips says forever
(3x)
