Forever you screamed with the rest of your brethren.
You
Sold out so cheap, tried to cash your faith in. How can
We unite when so many are two-faced frenemies. No
Dedication.

Down for life, make sure the good you do outlives you.
Eradicate all fears, the world won't stop if we die or
Live. So stand hard, spit in the face of conformity, or
Soon all you'll be is just another faded memory.
Underground, that's all we know. It's always there for
us

And we will never forget.

Major label deals ain't why we are here, if it's us
Against the world then we've already come true and
won
Clear.

Was never promised a tomorrow but we still hold on.
Maybe
Once strong in faith, the weakest now all but gone.
Knew
It weren't in your nature, you never let love drive you
On. If it's not in your nature, learn to let love drive
You on.
