Lovely and nice, I'll treat you right

Chorus

I'll treat you right - Morning, noon and night-baby

I'll treat you right - Yes I will

I'll treat you right - Each and every night darling

I'll treat you right - So baby don't you sweat it

You're the girl I've been dying to meet

The way you strut knocks me off my feet

If you were mines your dark days will be through

C'mon over here, let me tell you what I wanna do

(Rap)

Sweet, sweet, sweet, sweetheart, how ya doin, now
here we go

It's the D-A-V-I-D and now it's time for me to flow

Roses are red, now here's your tender kisses

I'll be your lucky charm fulfilling all your wishes

Cause I'm smooth and it's a love thing lady

(UH!) and you got the right one baby, so

Take my hand and hold me real tight

Cause girl I'll treat you right

I'll treat you right - Morning, noon and night-baby

I'll treat you right - Yes I will

I'll treat you right - Each and every night darling

I'll treat you right - So baby don't you sweat it

I'll give you love beyond compare

If you give me the chance to show you that I care

I'll share with you everything that I own

And I will never ever leave you alone

(Rap)

Wait a minute, I heard you're looking for a shining star

Well guess what, girl I wanna be where you are

So give me the chance to make you mine

And we can get together bout a quarter to nine, girl

And when I meet ya, I'll greet you with a rose,

Open doors for you, yeah before they're closed

Cause I'm the kinda guy ya needin in your life,
You know why, girl
Cause I'll treat you right!

Chorus

I'll treat you right - girl you should be mine
I'll treat you right - make up your mind
I'll treat you right - you look so fine
I'll treat you right - estas bonita baby

Lovely and nice, I'll treat you right
Lovely and nice, I'll treat you right

Baby please, I won't leave
I will never cheat or hurt you, do you wrong
All my dreams - you can be - have no fear
'Cause love is knocking on your door

I won't leave you - I, I won't cheat you
I, I just need you - so, so just need me back
I won't leave you - I, I won't cheat you
I, I just need you - so, so just need me back
Te trato bien, te trato bien
Te trato bien, te quiero
Te trato bien, te trato bien
Te trato bien, te quiero

I'll treat you right
