Girl we've been good friends for such a long, long time
And we've seen each other's love ups and downs
See I've been watching you and you've been watching
me too
Let's try our luck at love, one step at a time.
And she said

Chorus

O' my goodness, never knew you thought of me that
way
O' my goodness, I can't find the words I need to say
but,
O' my goodness, please don't ever take you love away,
O' my goodness, say you'll give me good love
everyday

Is there someone on you mind playing with your heart?
Lay your thoughts of love, sweet love on the line.
'Cause I'm free from all those girls I use to see.
If it's cool let's tie the knot, girl you and me.
And she said

(Chorus)

(Bridge)

Consider the hurt old lovers put us through
Did you ever imagine love would shine, on you and I
Now our hearts yearn and burn to hold the key
That unlocks the door to our love's destiny

O' my goodness
Ooh my love

Most of our old high school friends knew we would get
it on.
Long before we tried our luck at romance.
But one thing they don't know is how good you make
me feel
Your sweet love gives me such a thrill
And she said

(Chorus)
