Went away to a far far land, spent some time in New
York,
most of my time inna England, no welcome back to my
bornland.

Come from england to make some vibes, just to keep
my fans alive

But the vibes they're teaching me, that dont right in my
book, No
Yes the vibes they're teaching me, that dont right in my
book, Like

No put de day nah put dem no weh, no put de day lawd
I went dem a stay,
sex an guns jus keep dem to de ground horse tonic a
mek de girls dem panic

Teach de youths dem how to live, Teach de youths
dem how to survive
hold your corner and save your life and thats no jive.

Some of de youths dem make a living by selling some
stones,
while some make a living wiping down cars,
cant you see the times your living in? the people are
suffering.

Don't teach me nothing just teach me something
Don't teach me nothing just teach me something
hold your corner save your life and thats no jive.

My heart, my poor little heart, my heart cries to see the
youth.

No put de day nah put dem no weh, no put de day lawd
I went dem a stay,
sex an guns jus keep dem to de ground horse tonic a
mek de girls dem panic

Teach de youths dem how to live, Teach de youths

dem how to survive
hold your corner and save your life and thats no jive.
