What kind of man would I be
Without your precious heart
I'd be too blind to see
The kind of women that you are
If I could hold you now
You'd know that love is never to far away and oh...

Chorus
Whisper to me slow
Tell me that you'll never go away
Whisper to me slow

What kind of world we could share
If all the fear were gone from our castle in the air
Look into my eyes, can't you see
If I could hold you know, you'd know
That we've got something to believe in, and oh...

Whisper to me slow
Tell me that you'll never go away
Whisper to me slow
Whisper to me slow

Don't turn away when I call your name
Please don't turn your back upon me
How will I ever forget your face
Don't bring this sadness on me
Come on, baby

Whisper to me slow
Tell me that you'll never go away
Whisper to me slow
Whisper to me now
Whisper to me slow
Tell me that you'll never go away
Whisper to me slow
Whisper to me
Whisper to me
Whisper to me
Whisper to me
Whisper to me
