Sabras de mi amor por ti  
Y sabras que por ti llore  
Y sabras que por ti vivire

Did you ever feel like you were alone in this world,  
And how you would really love to scream and shout  
All of the pain you hold.  
So many times I've held this feeling within,  
In confusion everyday  
I'd like to find me someone special like you,  
Girl it's with you I long to be...

Chorus  
It's with you, I'd like to be  
With you and only with you,  
Your love is all that I need...  
It's with you, I'd like to be  
With you and only with you  
Together just you and me...

Many times when I was all alone and so afraid  
Thinkin' I would never find someone to love  
What was I left to do...  
So many times I've held this feeling within  
In confusion everyday  
I'd like to find me someone special like you,  
Cause it's with you I long to be...

It's with you, I'd like to be  
With you and only with you,  
Your love is all that I need...  
It's with you, I'd like to be  
With you and only with you  
Together just you and me...

Many problems in this world today,  
Can't you see no one cares to lend a helping hand,  
Tell me what's going on.  
Many tiems I've held this feeling within,  
In confusion everyday  
I'd like to find someone special like you,

Girl it's with you I long to be...

It's with you, I'd like to be  
With you and only with you,  
Your love is all that I need...  
It's with you, I'd like to be  
With you and only with you  
Together just you and me...  
Together just you and me...
