Ever since my birth lied an evil from within
Summons animosity, drives on to sin
Taste for flesh and bones drives hunger for the kill
With the dawn of night, breeding the hunting will

Hunger for the living
Is finally beginning
To take all control of my life
The thoughts in my mind
I must quench so I find
The blood of a new life to feed
As I'm losing the human in me

I hunt the living, preparing for attack
Pouncing on the victim, slashing at it's back
Feeding on the flesh as the heart still beats strong
Ripping, grinding, shredding, tearing, as humanity
moves along

Hunger for the living
Is finally beginning
To take all control of my life
The thoughts in my mind

I must quench so I find
The blood of a new life to feed
As I'm losing the human in me

A shrieking shout, the blood comes pouring out
Can't stop the cannibal in me
The thoughts in my mind, I much quench so I find
Can't stop the animal in me

Having feasted I return from where I came
With haunting thoughts going back and forth my brain
Trying to forget what happened where and when
Until the hunger for the living begins to rage again

Hunger for the living
Is finally beginning
To take all control of my life
The thoughts in my mind

I must quench so I find
The blood of a new life to feed
As I'm losing the human in me
