Did you ever see an African woman nipples run dry?
Because she have no food to eat
Did you ever see an African woman nipples run dry?
Because she have no food to eat
Oh African woman, strong woman

Did you ever see an African woman nipples run dry?
Because she have no food to eat
Did you ever see an African woman nipples run dry?
Because she have no food to eat
Mmm, African woman

Every nation of this world should do what they can
For this African woman
Every nation of this world should do what they can
For this African woman

Did you ever see an African woman nipples run dry?
Because she have no food to eat
Did you ever see an African woman nipples run dry?
Because she have no food to eat

Mmm African woman, mmm strong woman
Mmm African woman, mmm strong woman

Did you ever see an African woman nipples run dry?
Because she have no food to eat
Did you ever see an African woman nipples run dry?
Because she have no food to eat
Mm, this African woman, she have no food to eat
Mmm, this African woman
