When the sun goes down
And we move along, I will call on you

Yes, when the sun goes down,
And we move along, I will call on you.

Are you ready, are you ready, are you ready,
I will call on you.

No crying my brother, crying.
No stall, no no noo, stall
No time to lose, time to lose.
We must go soon, yes we must!

When the sun goes down,
And we move along, I will call on you. (x2)

Are you ready, are you ready, are you ready.
I will call on you.

No crying my brother, crying.
No stall, no no noo, stall
No time to lose, time to lose.
We must go soon, yeah we must!
