My way is long, but the road is foggy,
My way is long so long, but the road is foggy, foggy

My head never swell, my heart never leap
I never have no fear from within (x2)
Even though the road is so so foggy, foggy yeah
Can hardly see, Jah Jah is my eyesight
Be with I, be with I, be with I Jah Jah!
Jah Jah be with I, I and I and I and I!
Deh an' dem hate I, deh an' dem does fight against I
Some of them a judge I wrongfully
But never mind my brother I will go on

The road is so foggy, foggy (x2) so foggy, foggy

Guidance be with I an' I, going out and coming in
From all evil things and evil doers everyday, this
accident include (?)

The road is so foggy, the road is so foggy, foggy
Foggy road, yeah foggy foggy foggy road, foggy
foggy,
yeah
Forward my brother no-no stumbling back
Jah Jah is I and I and I eyesight (so) foggy road foggy
road, yeah
Foggy road foggy road foggy road foggy
Can hardly see, be with I and I and I
Jah Jah, Jah Jah, dis road is so foggy
I wonder why, I wonder, I wonder why the road is so
foggy
Foggy road foggy road, Yeah
Jah Jah, be with I and I and I
Jah Jah, foggy road, yeah
foggy foggy foggy foggy foggy foggy foggy.
