Greetings (yes, greetings)

One thing I don't understand

How so many black people in America

Have no intention

Have no respect for their culture

I wonder why, I wonder why

But, anyway, I-man love

I-man love I-man black brethren in America (yes,
greetings)

I-man love I-man black sistren in America

Even thouth they say that them a Yankee

Never, never, never, never mind that

A' me brethren (yes, greetings)

Never, never mind that a' me sistren

So they cause I an I people

To disown they people

But what a day when I an I people get together

Start to hold each other

What a feedback the wicked get

What a feedback the wicked get

What a feedback

Let me light my spliff
Get a clean and deep meditation
About black people hist'ry and culture

Greetings
What a feedback the wicked get
What a feedback the wicked get
What a feedback
Yes, greetings
