Do you remember the days of slavery?  
Do you remember the days of slavery?  
And they beat us  
And they work us so hard  
And they use us  
'Til they refuse us  
Do you remember the days of slavery?  
The big fat bout  
Did you utterly fool it, we fool it  
We must fool it  
With shackles around our legs  
We livin' hardly sicks on clothes  
Do you remember the days of slavery?  
My brother feels it  
Including my sisters too  
Some of us survive  
Assure them God, we are still alive  
Do you remember the days of slavery?  
He still can recall, he still can recall  
He still can recall the days of slavery  
Oh slavery days!  
Oh slavery days!  
While I remember, please remember  
Do you do you do you, do you do you do you  
Oh slavery days!  
Oh slavery days!
