Take a picture of the scars inside
Am I alright?
Cuz you've infected every thought of mine
Dear valentine

I hear you say...
In my head it won't go away
I hear you say

Goodbye
The lights are shining closer telling me it's over
Goodbye
The picture of you leaving complicates my breathing
Now I'm the one you left behind
And that's fine
Cuz you have nowhere left hide this time
Sweet valentine

Shine a spot light to catch you walking away
Leave me in the dark like a stain in the shade
Tell me that you care just to throw me away
This is how you tear me down
