Save the day
Come take this all away
Come on now

Say something to slow her hands around my neck
Just cut off her arms
Throw my pills into the well we drink
Infect the words that we say

Can you hear me now?
Why can't you hear me?

Save the day
Come take this all away
Come on now (whoa... oh...)

My heart's on the floor
What are you waiting for
Come on now (whoa... oh...)

Indecisive thoughts running through my veins
Come wash them away
Softly screaming, calling out your name
Come save the day

Woah...
Can you hear me now?
Woah...
Why can't you hear me?

Save the day
Come take this all away
Come on now (whoa... oh...)

My heart's on the floor
What are you waiting for
Come on now (whoa... oh...)

If we find what we're missing
The space that needs filling
The strings' still embracing my neck
We'll hold up each but look for another

To see if our words will connect

Save the day
Come take this all away
Come on now (whoa... oh...)

My heart's on the floor
What are you waiting for
Come on now (whoa... oh...)

What are you waiting for?
(Save the day)
What are you waiting for?
(Save the day, come take this all away, come on...)
What are you waiting for?
(Save the day)
What are you waiting for?
(Save the day, come take this all the way, come on
now...)
