Going eighty mile an hour in the left hand lane,
Southbound headed down to Key Biscayne.
She got money in her pocket and fun on the brain
And her best friend's riding shotgun.
Radio blasting, everything's fine,
Pedal to the metal, making damn good time.
Just crossed over that Florida line.
If there's a problem they can't find it.

You can bet on this - don't get no better than that,
Running free and living in the USA.
I can guarantee it, baby, it's a fact
Sometimes you got to get up and just get away.
You can bet on this - don't get no better than that.

Well, he got himself a Hog about a year ago.
He worked double shifts to make the extra dough.
When Friday comes around you oughta see him go as
he's headed to the coastline.
Got "born to ride" painted on his tank
Throttle down so loud you can't think
When he'll pass you by he'll give you a wink
As he's headed to the sunshine.

Now you can bet on this - don't get no better than that
Running free and living in the USA
I can guarantee it baby it's a fact
Sometimes you got to get up and just get away
You can bet on this - don't get no better than that.

Get in the frame of mind -Have a good time.
Take the road ahead and leave your cares behind.
Baby, it's a fact-you can get it right on track.
You can bet on this - don't get no better than that.

You can bet on this - don't get no better than that
Running free and living in the USA
I can guarantee it, baby, it's a fact
Sometimes you got to get up and just get away.
You can bet on this - don't get no better than that.

Don't get no better than that

Don't get no- Don't get no better than that
