You told me you needed some space  
But I didn't mean forever  
Yeah, you were sure in a hurry to leave this place  
I just wanted a change of weather

I should've followed you there  
Ooh, you couldn't read my mind  
I should've listened closer, babe  
Yes, all you heard was goodbye

If you believe in a second chance  
Just reach out and take my hand  
We'll fan the flames of an old romance  
I'll be your girl, and I'll be your man  
If you believe in a second chance

Well, how did you like livin' in L.A.  
Well, I guess it was alright  
Now that you're back, are you plannin' to stay  
Yeah, the thought had crossed my mind

I heard that you were engaged  
I heard you were too  
It didn't work out with her  
No, baby, he wasn't you

If you believe in a second chance  
Just reach out and take my hand  
We'll fan the flames of an old romance  
I'll be your girl, and I'll be your man  
If you believe in a second chance

If you believe in a second chance  
Just reach out and take my hand  
We'll fan the flames of an old romance  
I'll be your girl, and I'll be your man  
If you believe in a second chance

I'll be your girl, and I'll be your man  
If you believe in a second chance

Baby, do you believe

Yes, I believe  
In a second chance  
In a second chance

Do you believe  
Yes, I believe  
In a second chance  
In a second chance

Ooh, baby, do you believe  
Oh, yes, I believe  
In a second chance
