Little scrawny bitches like M.O.B.  
Dont know shit about the fucking streets  
He's a little posing pussy  
He's a fucking faggot phony  
He don't even know what kush be  
He's never smoked weed  
He's a fucking virgin.  
Those little 12 year olds think they urban  
Watch his videos. Hes fucking suburban  
He'd look better with a turban  
He needs to go to a shrink  
Cause its obvious he can't think  
He just a little rich bitch without shit to do  
If i ever saw him i'd shoot him too.  
His boy diss Shy-Boi but Shy killed him  
Shy-Boi rhymes better then both those kids did  
They needa back off before they get hurt  
They should hide under the dirt  
No one wants to see their ugly faces  
They are both just fucking disgraces  
They killed hip hop and rap altogether  
If Lil Wayne got it then why are they still here?  
What are you gonna do now? Try to diss me?  
Bitch I'll kill you. I'm a fucking beast.  
You don't know  
Your crew a joke  
And your little bitch  
Is a fuckin ugly hoe  
So you think you can rap  
Seriously, Where'd you get an idea like that  
Your full of crap  
Your a waste of time  
Do us all a favor and stop your rhymes.  
(Do it) (gunshot)
