Verse 1:

Mercy, in your tender mercy  
Look on me (x2)  
Frailty, even in my frailty  
Welcome me (x2)

Bridge:

Father this my own vocation that you would come and  
lead me once again

Chorus:

Breath in me breathe of God  
Mend in me this wounded heart  
That I may know you've made your peace with me  
Breathe in me

Verse 2:

Burden take away this burden  
Set me free (x2)

Calling, I have heard you calling  
Out for me you shout for me

Bridge 2:

Father this my own vocation that you would come and  
lead me once again  
And I know you will hear my pleading and you will find  
me ever once again

(Chorus)

Verse 3:

Empty, empty  
Fill me, Father fill me  
Empty  
I am empty  
Won't you fill me once again

(Chorus)
