When you broken when you're weak  
When you turn the other cheek  
When you cannot speak of the bitter sweet,  
Bitter sweetness  
When the floor gives out beneath  
And everything that you believe  
Cannot bring you peace  
You're broken inside, broken in pieces  
You can...

Rest in the arms of the One who holds you  
Rest in the arms of the One who knows you  
Rest in the arms of the One who won't let go (2X)

When the waters starts to rise  
And you've lost the will to fight  
When the you're losing light  
Just close your eyes  
Close your eyes now  
You can...

Rest in the arms of the One who holds you  
Rest in the arms of the One who knows you  
Rest in the arms of the One who won't let go (2X)

Have no fear  
I'll be here

You can...

Rest in the arms of the One who holds you  
Rest in the arms of the One who knows you  
Rest in the arms of the One who won't let go (2X)
