In The Darkest Place

In the darkest place  
I know  
That is where you'll find me  
Even though you didn't have to remind me  
I shut out the light  
Your eyes adjust  
They'll never be the same  
You know I love you so  
Let's start again  
Since you put me down  
It seems  
I've been very gloomy  
You may laugh  
But pretty girls look right through me  
They don't sense the pain just glimmering  
That is the torch I bear  
There's light enough for me to find my way  
But I only have to tell myself that by now you could be  
with someone  
Else  
There's no light beneath your door and laughter from  
within  
Do your friends come around saying, "Try to find  
another lover"  
He won't love you like I do  
In the darkest place  
I'm lost  
I have abandoned every hope  
Maybe you'll understand  
I must shut out the light
