I walk along the city streets you used to walk along with  
me,  
And every step I take recalls how much in love we used  
to be.

Oh, how can I forget you?  
When there is always something there to remind me  
Always something there to remind me  
I was born to love you, and I will never be free  
You'll always be a part of me, whoa oh whoa

When shadows fall, I passed a small cafe where we  
would dance at night  
And I can't help recalling how it felt to kiss and hold you  
tight

Oh, how can I forget you?  
When there is always something there to remind me  
Always something there to remind me  
I was born to love you, and I will never be free

You'll always be a part of me, whoa oh whoa, whoa oh  
whoa

If you should find you miss the sweet and tender love  
we used to share  
Just come back to the places where we used to go, and  
I'll be there

Oh, how can I forget you?  
When there is always something there to remind me  
Always something there to remind me  
I was born to love you, and I will never be free  
You'll always be a part of me, whoa oh whoa

Never love another baby  
I'll never will forget you baby  
Oh you'll always be a part of me  
Whoa, yessir baby  
Never never never baby
