One drop of rain doesn't make the sun run away
Don't go breakin' my heart
One falling leaf doesn't make September in May
Don't go breakin' my heart

I made a mistake
Now, must you make a mountain out of a grain of
sand?
Don't throw love away because I went astray for a while
Teach my heart how to smile,
Ohhhhhhhhhhhhhhhhh....

One sad goodbye doesn't mean we can't love again
Don't go breakin' my heart
My love will last 'til the sky falls down, even then,
You'll remain in my heart
Come to my arms,
Forevermore
Stay in my arms
And give me your love.....
La, la, la, la, la, la, la, la, la, la, la, la, la, la, la...
Don't go breakin' my heart

La, la, la, la, la, la, la, la, la, la, la, la, la, la, la...
Don't go breakin' my heart
(Fade out)
