When there's a moon above  
It is something to see how the fellas follow the girls  
They're all in search of love  
There isn't a lover, who doesn't discover  
That if it's made in Paris,  
You can bet that there is a girl for every boy

Dreams are made in Paris every night  
They come true, can't you hear, Paris calling you

The girls are everywhere  
The scent of, their perfume, is meant to go right to  
your head  
So don't just sit and stir  
If the fun and the laughter, the good times you're after  
Can just be made in Paris,

If you don't know how to speak French, she'll  
understand

Love is made in Paris every night  
Rain or shine, go get yours, I've got mine

Find your dream!  
Find your love!  
I've got mine!  
Go get yours!

If it's made in Paris,  
If you don't know how to speak French, she'll  
understand

Love is made in Paris every night  
Rain or shine, go get yours, I've got mine

Find your dream!  
Find your love!  
I've got mine!  
Go get yours!
