Somewhere sometime
All things will be fine
And it never seems to stop

Wonder if i've met my wife

Somewhere sometime
All things will be fine
And it never seems enough

Wonder if i've met my wife
Splinter left focus right
Focus right

This mortal soil around me
Mortal feeling i have found
Surrounded by your glory
Hold me now so that i never drown

And it never seems to stop
Wonder if i've met my wife
Splinter left focus right
Focus right focus right focus right
