When we die  
We go into the arms of those who remember us

We are home now  
Out of our heads  
Out of our minds  
Out of this world  
Out of this time

Are you drowning or waving?  
I just want you to save me  
Should we try to get along?  
Just try to get along

So we move  
We change by the speed of the choices that we made  
And the barriers are all self made  
That's so retrograde

Are you drowning or waving?  
I just need you to save me  
Should we try to get along?  
Just try to get along

I am alive  
I'm gonna wait 'til the trials of confusion create  
There are times when i feel the way we're about to  
break  
When there's too much to say

We are home now  
Out of our heads  
Out of our minds  
Out of this world  
Out of this time  
Out of this time
