Watch the water feed the soil  
So the circle is complete  
See what you have become  
Is the earth beneath my feet

I'll bring in the stains  
Your alabaster feet  
What's the space between  
What you want and what you need

So you'll never be lonely again  
Never be lonely again

Waiting for this love  
To bring me close to you  
Waiting for this love  
Bring me close to you

Who are you  
And where are you in my life  
I was wondering how much of me  
Is still alive

I don't even know  
If i can swim again  
You know how cold it gets  
With all your struggling

Try to find ourselves  
Seems real  
It gets so hard at times  
You know just what to feel

[chorus]  
Waiting for this love  
To bring me close to you  
Waiting for this love  
Bring me close to you  
I got reasons  
I got reasons

Watch the water bleed the soil  
Albinoed by the sun  
We will try to keep our feet  
In the face of what we've done

Try to find ourselves  
See this, what we made?  
Tell me what you want  
And what you have betrayed

Home is still the place  
That we love the most  
Home is where you are  
Home is where you are

[chorus]
