Close my eyes to the sky, I feel a wave of electricity.  
Open up I'm not surprised to see the stars are shinin'  
on me.

Here's a place to arrive, I don't know what's dancin' in  
front of me.

But I want to believe I could be dancin' easily.

Weave deeply like a mellow train, move slowly in the  
flow.

And then the music makes my mind relax.

I can go, where I know I can dance about.

Left to right, right to left.

Everybody's singin', jump around.

Back and forth with the mass.

Melody is coming from Capoeira.

You can see from the beat,

Everybody's movin' from the sound.

From the bog, from the stream

Happiness is goin' to Capoeira.

Left to right, right to left.

Everybody's singin', jump around.

Back and forth with the mass.

Melody is coming from Capoeira.

You can see from the beat,

Everybody's movin' from the sound.

From the bog, from the stream

Happiness is goin' to Capoeira.

Left to right, right to left.

Everybody's singin', jump around.

Back and forth with the mass.

Melody is coming from Capoeira.

You can see from the beat,

Everybody's movin' from the sound.

From the bog, from the stream

Happiness is goin' to Capoeira.
