Whoa, yeah, can't wait to taste ya skin  
Villain, listen, Miguel

Daughter of a queen, fit for a prince  
Took me from a frog to a man with a kiss  
Now I'm prince charming, you my miss darling  
Life on a dice game, you my miss all in  
Fell to the ground and it made my head crack  
Know I ball like a nigga with a leg tat  
Everyday without you's a major set back  
In the way I adorn you, I can't accept that  
I need you, this is far from optional  
Get chills from the thought  
Of some other nigga popping you  
Hold your hand while they road you to the hospital  
I'd give you a child  
Every day if it was possible

OOh baby  
Just let my love  
Just let mu love adorn you  
Please baby, yeah  
You gotta know  
You know  
That I adorn you  
Yeah baby

Mommy got a beauty make me weak  
Until my can cope  
Smelling like a water melon  
Nurtured in a bath soap  
Now remember that nervous excitement you used to  
get  
Blood rushing harder, get the racing just a little bit  
More so from your first woman that you appreciated  
Fully if she was your first love, especially your first  
pussy  
You so ...with each other, let me inform you  
Over protective with this shit we have cause I adorn you  
Regulate your ex, I can't help it if he scoring belongy  
...that's what I'm born to do  
...ain't nothing better

I'm focusing on what we got,  
So we can grow together, let's do it

OOh baby  
Just let my love  
Just let mu love adorn you  
Please baby, yeah  
You gotta know  
You know  
That I adorn you  
Yeah baby

You know it's hard for me to tell you the  
Way you got me feeling baby  
You know cause  
Cause I ain't really with the sucker shit  
You know, but I'm trying  
Girl I wanna be the only one

I ain't motherfucking stupid  
I know niggas gonna be choosing  
Turn your ass...so I make sure your ass is used  
To getting fly shit, you know that's my bitch  
When you see us, she look more red than a diamond  
Uh, ah, you know I'm playing on another level  
I just wait and spend your ring on another bezel, damn

OOh baby  
Just let my love  
Just let mu love adorn you  
Please baby, yeah  
You gotta know  
You know  
That I adorn you  
Yeah baby.
