I wanna see you do that thing  
Before you all pass out, pass out  
Hands up, hands up  
Spazz out, spazz out  
Nobody could do it the way we get it down nah ah  
We make â€˜em blow their cash out cash out  
Donâ€™t you love it when we come and do it again?  
Pour liquor till itâ€™s filled out the glass (non-stop)  
Either way we got it on snag  
We donâ€™t stop until we bounce like hum  
We ainâ€™t stop til we knock off your block  
Molly watch the flyest nigga with it purposely, I sloply  
nob  
Some will break the square, would be getting Monopoly  
guap  
Several in beautiful cities, that property hop  
Most you niggas need to probably stop  
Create a lane cuz when I come through most youâ€™d  
do is probably flop  
When speak chances of 3 shots, I probably pop  
Shots legal til they nosils is hot, lâ€™m to the spot  
Now you knew Rihanna for him (I be the heat)  
And we gotta put it on him (you see him in the street)  
Letâ€™s go. Avatar, shit lâ€™m lost in the zone  
Might as well give me the crown bitch, lâ€™m bringing  
it home  
Try to hell I hit the sand bitch, lâ€™m standinâ€™  
alone  
See I be like a katana til they bandage your bones  
Why you niggas quit the block and left the shit that we  
bring?  
Bust bottles and salute whatâ€™s legendary  
I wanna see you do that thing  
Before you all pass out, pass out  
Hands up, hands up  
Spazz out, spazz out  
Nobody could do it the way we get it down nah ah  
We make â€˜em blow their cash out cash out  
Donâ€™t you love it when we come and do it again?  
Pour liquor till itâ€™s filled out the glass (non-stop)  
Either way we got it on snag  
We donâ€™t stop until we bounce like hum

lâ€™™ m cominâ€™™ and killinâ€™™ and causinâ€™™ you  
niggas to lose it  
While a man took a challenge, this line that lâ€™™ m  
smakinâ€™™ lâ€™™ m stupid  
Assaultinâ€™™ bad, I be the booth boy, love to abuse it  
You see the high bean when lâ€™™ m cominâ€™™  
motherfucker, move it  
And so by side  
You know we got that shit  
We give it to him til we makinâ€™™ a nigga say â€™œl got  
it, bitchâ€™  
And uh we donâ€™™ t stop, and uh we donâ€™™ t quit  
And uh they see nose flips because we drop their nose  
heads  
I know for Moses harder to stomach  
God had to spit enough flesh in, what he do to become  
it  
I step in the building, demolish shit, you know how I got  
it  
The way a man showinâ€™™ everything and o  
arguinâ€™™ it  
My hundred fifty thousand dollar feature might swallow  
your budget  
And fuck the hood up boy and see how they love it  
Why you niggas quit the block and left the shit that we  
bring?  
Bust bottles and salute whatâ€™™ s legendary  
I wanna see you do that thing  
Before you all pass out, pass out  
Hands up, hands up  
Spazz out, spazz out  
Nobody could do it the way we get it down nah ah  
We make â€™em blow their cash out cash out  
Donâ€™™ t you love it when we come and do it again?  
Pour liquor till itâ€™™ s filled out the glass (non-stop)  
Either way we got it on snag  
We donâ€™™ t stop until we bounce like hum
