Kansas City, everybody rise, come on
Buffalo, St. Louis, New Haven, Kentucky
Oakland, Phoenix, Vegas, everybody rise, come on

I'll be that live motherfucker from the flip mode squad
That readjusts this shit properly and hits you real hard
Then we affect with hard shit that sounds so beautiful
Right now, couldn't find a better time more suitable
To send out a signal and round up all my niggas
recruitable

Type of nigga to torture your ass, stick some shit in
your cutical

Wait a minute, let me talk to all my niggas at hand
I'm hit all of my niggas, y'all just follow the plan
Just get money and capitalize and hold on your stash
Fuck the slouches, we keep it moving and no looking
back

A lot of lost motherfuckers stuck on what they gonna be
They ain't gonna be me, gotta get it before the year
Two G

To all my niggas, let them do your thing and get yours
quick

Whole plan, the whole shebang, nigga fuck the bullshit
I meant this, ever relentless, for dropping these bombs
Getting paid for securing shit for my seed and my
mom

For my physical, and my entire flip mode squad
My whole gang is fertilized, my mom's peaced to the
Gods

Hold it down for live niggas in the name of hip-hop
Off with another path where niggas are made to
struggle and starve

Fuck that, I'm here to fight for mine, adapting your ass
If you or the government try to do away with my cash
One of the most extraordinary that comes from a place
We demand to stab you in the back and smile in your
face

Take all entire niggas off the face of the earth
And do away with all them niggas before I get to them
first
So throw it, niggas don't get it and run right through it
Get with, is to all of my niggas, who know how to do it
Survival of the most fit for real niggas, no doubt
Get what's yours from out this fucker, before your time
run out
Get what's yours from out this fucker, before your time
run out
And get what's yours from out this fucker before your
time run out

Welcome all you motherfuckers, to a global event
warning
Here has now come, the don of the new millennium
The extinction level event
All my motherfuckers stay tuned
