[Hook:]

All a nigga want is some fuckin' lip service  
All a nigga want is some fuckin' lip service  
Suck a nigga dick, hoe

Suck a nigga dick, hoe  
I got a stack for the freak show  
I got a stack for the freak show  
Suck a nigga dick, hoe  
Suck a nigga dick, hoe  
I got a stack for the freak show  
I got a stack for the freak show

[Verse 1: Reek Da Villain]

Okay, I'm ridin' through your city blowin' Diddy's of that  
icky  
Got that... (haha) King Tut collection, it be with me  
See my chain all gold, and my thing all chrome  
On the highway to that money, boy, your lanes all  
closed  
I be ridin' in that Ghost, plates say "Casper"  
Blow a loud pack now my swag on NASA  
Higher than the stars, spaces shuttle for a car  
Lead pop, red hot, come from Mars with these bars  
Pink Friday, I'm Nicki Minaj with these broads  
I ain't babysittin' bitches but like Charles I'm in charge  
Grave dig 'em out, 6 feet deep throat  
With her tongue out like she's Jordan flyin' from the  
free throw  
Bitch!

[Verse 2: Busta Rhymes]

Sorry sloppy-second-nigga, coochie kinda gooshied up  
That's what happens after niggas done torn all the  
pussy up  
Pussy in my face, want me taste your little cookie,  
what?  
Gotta put in work, hope you ready for this bully fuck  
I respect it shorty, all that surgery, your Nip & Tuck

Wrap both of your lips around that dick, go head and  
sip this up  
Go to shorty thinkin' she a trick and then she click and  
cluck  
Yeah, you know the goal, diggin' a hole until my dick is  
stuck  
Okay, I'm wildin' on my style, give me the goodies,  
shorty  
If you ain't ready to do me then bounce with your rookie  
ass  
On second thought I'm 'bout to go fuck with your friend  
until the party end  
'Cause I noticed it got some kind of booty rash

[Hook]

[Verse 3: J-Doe]

I ain't perfect but these bitches think otherwise  
A side piece ain't even lookin' at no other guys  
Came to the suite with two bags and she left with four  
Two in her hands, and two under her eyes  
We was up all night and I was goin' in  
Beat it up so long she wished she'd brought a friend  
So she could take a break  
I don't even take these bitches on a dinner date  
Might send a tweet, follow on Instagram  
Next day she in my ride and she goin' HAM  
Damn, it's crazy  
Get 'em and get rid of 'em so fast it's amazing
