Genesis

[Verse 1]

While we continuously stay sculpturing bombs  
Love, unconditional greetings with opening arms  
And for my worthy niggas i'm a die tyrin for ya'll  
With the blessing of an angel tear cryin' for ya'll  
Back to the foundation, takin you, wander back where it  
all started  
With a whole new beginning and a brand new hunger  
Starving to where my skin was suffocating my ribs  
Now we got bitches interior decorating my crib  
Touch the love I got like you holdin my heart in my  
hand

And watch my manifest that shit was all a part of the  
plan  
The fashion that I choose to deal with this shit  
Sometimes it's so hard to describe the passion that I  
feel for this shit  
How many struggles I survived just to eat this meal  
Never thought ya'll maybe thinkin' that it could be this  
real  
Flipmode up in this bitch now let me make you aware  
Too late for turning back my nigga cause we takin' it  
there

And leave!

[Verse 2]

And leave a mark until it's deep in the floor  
Ya'll niggas fucked up never should've let me get  
my feet in the door  
And then I step through, fuck wiping my feet at the  
door  
I be the deacon i'm beatin' niggas and speaking of raw  
Strictly raw shit is what niggas be seeking me for  
Testing my strenght, that's what the devil's trying to  
weaken me for  
C'mon, yes! and ya'll off to the next step for sure  
Rep and make you wanna accept more  
Niggas analyze the jewel that I reveal in a rhyme  
I'm like something that has evolved about a million  
times  
Peep the display with all the new features  
The way we really doin it, these mu-fuckas probably  
wouldn't believe it  
Flipmode Squad by all means I pledge of allegiance  
With the great feeling of people like the comin' of Jesus  
While a lot of other niggas don't be telling you nothing  
That be the same bullshit that's always pushin' my  
buttons  
Godly is how we rep this undeniable force  
You like a weak preacher, sware, you smack dead on a  
cross  
Smack ya fingers for tryin' to put your hands in the  
sauce  
Sometimes i think that it would be best if you run  
And do yourself a favor, cause you got your whole life  
ahead of you son!

A whole new thang starting for me  
Smell so much ass in a spot, the beat got the world  
fartin' for me  
When I spit you know I always love to gun a shit hard  
While you loving, hating niggas trying to tarnish the  
God  
I know some dudes that would love to bring the hatred  
to ya'll  
While I continue to bless you with shit that's is sacred to  
ya'll  
Even if I had to bend you in place  
I always put it down and rep my niggas from the most  
genuine place  
From my street corner niggaz to my live niggas  
everywhere  
Too late for turning back, we takin' it there
