Mystikal:  
Coincide with yo boy check out with no lines  
On yo boy look out but don't hide  
When you bust it up and keep rhymes  
When you walk towards the tape offline  
For your boys got instinct rhymes  
When you bump between the sixteen lines  
When you bowl win the goal bitches scream  
Win the goal keep ahead keep it live  
Before you go get your tattoo rhymes  
For your boy pick a bell in the bathroom  
Penalized doing it till he get tired of ya boy  
That shit between me and you niggas  
Then trying to figure out what I say  
I get rest and a fuck, what you doing over there  
Just don't get in my way  
Hear my records feel my presence now and forever  
and until  
Stop what you doing and work it fuck it nice  
Just complete it with a licking to the man right there  
None of you mother fuckers know what we came to do  
You just plain as day but they don't go see  
If you don't wanna fight get the fuck is you'll be  
In the spot working on my beat  
Long time I'm having no compromise  
I'ma open them up and them I'm dumping them out

I'm keeping it hard so don't get mad  
Cause I'm loading 'em up and I'm running 'em out  
Hit 'em with the bang then I feel a bang  
Take her in the backyard outside leave 'em in a ring  
Teach the niggas not to fuck with us  
And next year we gon do the same thing and  
Chorus (2x):

Sufficient amount of funds across many lands

And get the gambit and eat super pie niggas

All over the track with a kick in your back

Oh by hollow tips pinned in your ass

Get off the Earth the fact that you even in my class

All you other niggas get in the rear
