{Intro and chorus}

Don't you call this a regular jam, i'm gonna rock this  
land

(Now i know it's been a little minute and shit)

I'm gonna take this city witty world by storm

(But I'm bout to warm this bitch up a lil bit)

And I'm just getting warm

(Let's GO!!)

Uh, we bout to do it again

Flipmode bitch

We gon do it, do it, do it(6x)

(ok, we gon get straight to it, blackout fuck it, come on)

(5 niggas in the front come on)

(fly bitches in the front come on)

(Gangstas!)

(Ay yo Dre lemme give the drug to em)

{Verse 1}

I said look

I'm setting this shit off

I ain't even start yet i'm burning ya skin off

Mommy in the spot, pretty shape and skin soft

Gettin hot and sweaty mommy take everything off

Right now

They know me as king, boss

And 2 correa GT's, pushin 1 and my twin porsche

Butter soft seats off, white wit a tint gloss

Got a driveway and a mansion where da roof is a big  
loft,

Dress up in the finest fabrics and da kid floss,

And the tailors only drape in the finest of rich cloths,

So when a nigga step out make errythang scorth,

A sizzle, like a fire, that'll burn from a lit torch.

They pay to see the guard, no matter what shit cost,

Until them shots fly, cuz them bullets'll criss-cross,

Hit ya wit the key to shit, bangin wit a big force.

Before i get hot, weak niggas'll get lost. So...

[Chorus 2x]

Ho and i'm just getting warm(4x)

{Verse 2}

I said wait,  
I'm making the street pop,  
I'll be back on the block,  
Strapped wit a heat rock,  
Hit ya wit a banger, like a beef in the detox,  
Look, she be makin every thug in the street flock,  
It's gettin' kinda warm now,  
Burn up ya Reeboks,  
Its warmin than an island in the tropics where peacocks  
Be at....  
Every corner and east block,  
Rims keep spinnin bitch whenever the v stop  
Its like a magic when the flow and the beat lock  
Comin' with the cannon fully loaded and restocked  
Spit, Bitches wanna bounce when the beat hot(bum  
bum bu bum)  
Hear the bass and the beat knock  
You need not  
Disrespect me the mean glock  
Cook ya like the cocoa that'll boil in ya teapot  
Make a nigga late decay and the beef rot  
Warm it up again until I sizzle the street hot  
So...

[Chorus]2x

Ho and i'm just getting warm(4x)

{Verse 3}

Here we go  
While you niggas remain phony  
The guard comin' thru bout to do it again homie  
Know the routine when i step in the building check it  
Niggas blaze alot of weed ,bitches strip ass naked  
Listen...  
While i'm down i make bitches holla  
Then we leave the club and find a jeopardy goin'  
charter,  
Shut up another mother fucker down with the show  
stopper  
And shit all over niggas everytime and we do it proper  
So...

[Chorus 2x]

Ho and i'm just getting warm 4x
