You killin em baby, you know that baby
You killin em baby, you know that baby
You killin em baby, you know that baby
You killin em baby, you know that baby
You killin em baby, you know that baby
You killin em baby, you know that baby
You killin em baby, you know that baby

You ... afraid of niggers gas, how I spec your outfit
But I'm afraid your ass trash, funny but I always seem
to have the last laugh
You bag of bitch with the potato bag ass
Yesterday I was quiet and made the ass glass ... drop
another heater and it made the ass mad
We have got it in a bag then stash then do the shit that
make the bitches act bad
See this moment is addictive motherfucker, how I kill
shit ... addictive motherfucker
I see the way niggers be hating when I get in the spot
The bitches be hoes and ... when I spit
Ain't know a place me when I quit so sick
Got them saying I'm amazing when I shit
When they come and see the movie and they said
They would come to witness it, I was the greatest in the
flick

...

You killin em baby, you know that baby
You killin em baby, you know that baby
You killin em baby, you know that baby
You killin em baby, you know that baby
You killin em baby, you know that baby
You killin em baby, you know that baby
You killin em baby, you know that baby

Ladies love me, I'm on my breezin'
Future of the funk, without my stamp ... gonna bump
Let them taste the vintage, they want a free lunch
I guess they don't know we playing ... trump

Our nose in the air looking all stopped up
This is the ... for the broke pop slut

You wanna impress me, start manning up
Say something that sound like you pissed standing up
You lucky I made it up, the hood's bad enough
... your face tattered up
Flash back the skunk, el producto blunt
More green behind me, the fake gonna front
I an't chop a verse in like 36 months
All I see ... you all need to quick stunt
Damn, right is, like you ...

You killin em baby, you know that baby
You killin em baby, you know that baby
You killin em baby, you know that baby
You killin em baby, you know that baby
You killin em baby, you know that baby
You killin em baby, you know that baby
You killin em baby, you know that baby

Now you know it's impossible to stop me now, right?
You see I'm back...put you the same like the ... home
... I'm back bitch...money to get beating the paper
Gotta go where passports and visas and bitches
waiting in Monaco
... you know exactly what it is

You killin em baby, you know that baby
You killin em baby, you know that baby
You killin em baby, you know that baby
You killin em baby, you know that baby
You killin em baby, you know that baby
You killin em baby, you know that baby
You killin em baby, you know that baby.
