We about to lay you niggers down to rest y'all, rest

Fresh about the start... nigger named montana
All black, ray bans and the black phantom
Ain't something that you can't understand
Ain't no realer man
I got a... not your motherfucking go off
Ain't nothing realer, plus we're caught off
Me and murda reek busta... track
Call his favorite dj, tell him bring it back

This old 1990's, before diddy had niggers is too...
shiny
Man this old gangster... if you're... with a nigger you
gonna step to his mother
Ah, this old new york city, let's start the beat back up
I'm killing...
Man this makes you wanna go to all the... the beach
zone
Stop nigger, I'm doing...

You know you niggers fucking with the best, y'all, yes
y'all
We're coming for your motherfucking chest, y'all, chest
y'all
We about to lay you niggers down to rest y'all, rest
y'all,
We know you niggers fucking with the best, y'all, yes
y'all

We're coming for your motherfucking chest, y'all, chest
y'all
We about to lay you niggers down to rest y'all, rest
y'all,

Hey yo, I hate you fucking guts and I hope that you die
Smacking any nigger talking shit about a... yeah
Yeah, it's that real rap beat... bronx shit
P90 kruger with the full extended long clip
Better nigger let off...
Got your loud growing in my yard, on some... shit
Outside... uncle murda

liiii... don't give a fuck about shit
Put your guns up, click them... I got... stick them up
You can't be wrong unless you put your drugs up
Shots flash sound like the dj just turned your drums up
What's up?
... little nigger... for you to...
I get your face...
You see lock blocks in control avenue...

You know you niggers fucking with the best, y'all, yes
y'all
We're coming for your motherfucking chest, y'all, chest
y'all
We about to lay you niggers down to rest y'all, rest
y'all,
We know you niggers fucking with the best, y'all, yes
y'all
We're coming for your motherfucking chest, y'all, chest
y'all
We about to lay you niggers down to rest y'all, rest
y'all,
Yes, yes, yes, yes, yes.
