Make it shake x3
Make the whole place shake
Make it shake x3
Make the whole place shake

Let us in the place and see how we be blowing
And how we be packing the building
And I be keeping and going
I be ready ready ready,
All this money we be blowing
That we be making it back
Them niggers don't even be knowing
But I gotta gotta go
You see I gotta have a flow
I hate it when I get back
I sit up on a pot of gold
Money come and get it
You gotta get upon it
And you know I really got it
And I know you really want it
Make her hop,make her skip
Better bounce,better brink
Get the wine, and you know I got a bounty on my shit
Gotta grind, and I'm gone
To the hood and then my fin
Smile and then frown and then holla at my whip
Grab the pop,close the gear
Root for her, no escape
Just around on pass around

Make the whole place shake
Make the floor shake
Make the roof shake
Make the walls shake
Make the whole place shake
Make the floor shake
Make the roof shake
Make the walls shake
Make the whole place shake

Shake like come on get in y'all
I'ma get you giddy on this

Piece of iridium, watch it like a million
Fist , bump and shake now
Like a nervous break down
Busy like I went down
Come straight from the caribbean

Everybody pull me , all on them
Pick up the pacini and the odd man them
Mash up everything until it dance lame
Pick up every woman all our friend
See all them on wine I'm scrumblng
Rough on the boat, all the way I spend
Everytime I liquor mixable
Taking on the building, doing it again

You see just how we do, whenever we come through
Just follow, follow, follow, follow, follow, follow, follow, follow
Your hands are in the air, spray champainge
everywhere
And follow, follow, follow, follow, follow, follow, follow, follow
We lead , you follow, we lead , you follow
We lead , you follow, we lead , you follow
We lead , you follow, we lead , you follow
We lead , you follow, we lead , you follow, follow

Make the floor shake
Make the roof shake
Make the walls shake
Make the whole place shake
Make the floor shake
Make the roof shake
Make the walls shake

Drop x8
Wave your wag on x8
We lead , you follow, we lead , you follow x4

Make the floor shake
Make the roof shake
Make the walls shake
Make the whole place shake
Make the floor shake
Make the roof shake
Make the walls shake
Make the whole place shake

Make the floor shake
Make the roof shake
Make the walls shake
Make the whole place shake
Make the floor shake

Make the roof shake
Make the walls shake
Make the whole place shake

Fatman scoop on the mic x2
